Sochi Park

A site, first of its kind, in Russia based on the cultural wealth and the history of Russia. The park is located in the Adler region in the Imeretinskaya lowlands. The resort area includes a theme park and the four-star "Bogatyr" hotel designed like a medieval palace. Sochi Park offers quality entertainment for adults and children: roller coasters for extreme lovers, facilities for the entire family, fascinating attractions, carousels and sports fields.

Sochi Park's adventure world consists of 14 groups of facilities: Huge slides for the entire family, the highest Wind Paragliding facility in Russia - 65 meters high, a roller coaster speeding at 105 KPH. The smallest guests are invited to ride the "Fairy Tale Carousel" between the pages of beloved fairy tales, hovering on a flying carpet or driving musical cars and motorcycles. Everyone can find here an amusement fitting his taste. At the "Sochi Park" there are unique playgrounds for all ages that enable learning in a fun atmosphere.
